

APPENDIX THREE: Biology 114/104 Genetics Lab Survey

This anonymous survey is only for the Drosophila portion of today's lab. This is new lab material, and your input will help improve it for future classes.

Which class are you enrolled in? Biol 104 Biol 114

Are you planning on majoring in Biology? Yes No

Did you examine Drosophila crosses in high school? Yes No

On a scale of 1 to 5, rate the following statements.

1= strongly disagree 2= disagree 3= neutral 4= agree 5= strongly agree
--

The topic of genetics is interesting to me.	
I found the Drosophila portion of today's lab interesting.	
The pre-lab questions helped me prepare for lab today.	
This lab helped me understand the genetics material presented in lecture.	
The lab helped me understand the difference between dominant and recessive alleles.	
The lab helped me understand the difference between autosomal and sex-linked inheritance.	

Comments: feel free to make suggestions on how the Drosophila material can be improved, what you liked about it, <i>et cetera</i> . Use the back of the form if you need more space.
